Board ID: 105279

NAME: James John Romano, MD

Current **MOC-PS**® Cycle: 12/01/2014 - 12/31/2024

Dear Dr. Romano:

The American Board of Plastic Surgery, Inc. is pleased to confirm your active participation in the Maintenance of Certification in Plastic Surgery (**MOC-PS**®) Program. You may wish to provide a copy of the **MOC-PS**® Certificate of Participation to your hospital medical staff office or other credentialing agencies. This letter and the certificate are only available to ABPS board-certified plastic surgeons who have currently satisfied the **MOC-PS**® requirements as of 2017. For Lifetime Certificate Holders, **this program is strictly voluntary and does not impose an expiration date or change the validity of the original unlimited certificate.**

As a result of your successful participation in **MOC-PS**®, you may now use the following ABMS Starmark logo on your letterhead, website, advertisements and business cards:

All ABMS specialists will be able to use this same logo which includes the name of their specialty (for example: The American Board of Pediatrics, The American Board of Internal Medicine, etc.). Your patients who also visit any of the other 550,000 ABMS specialists currently participating in MOC will recognize the Starmark logo. Use of the logo will help to differentiate you from those surgeons who are not certified by an ABMS board.

The Board congratulates you on your participation in the **MOC-PS**® Program, demonstrating your commitment to the highest level of professional development and quality care. The Practice Assessment in Plastic Surgery (PA-PS) Module and Professional Standing Update are required in years 3, 6 and 9 of your 10-year cycle. The examination application must be completed in years 7, 8 **or** 9 to be followed by the Cognitive Examination in years 8, 9 **or** 10 of your 10-year cycle. Diplomates may track **MOC-PS**® activities and requirements by logging in to the Board's website at www.abplasticsurgery.org. Complete details are outlined in the **MOC-PS**® Booklet of Information, and available on the Board's website.

Sincerely,

Keith E. Brandt, M.D.
Executive Director
